FS-1025MFP/FS-1125MFP

Multifunctional Printers

Native Network Connectivity

- Smooth integration into existing network environments due to its standard network interface
- Easy device management via network admin utility

Proven Reliability

- Maximum uptime without the need for user intervention thanks to long-life consumables
- Due to the advanced Japanese ECOSYS Technology, long-life consumables prevent the need to change the drum or other components every time the toner is replaced

Increased Productivity

- High speed printing up to 26 ppm and 7.5 seconds or less for first printed page out, and 11 seconds or less for first copy out
- Standard automatic document feeder
- 3-in-1 capability (print, copy and color scan) in the FS-1025MFP; and 4-in-1 (print, copy, color scan and fax) in the FS-1125MFP

Maximum Profitability

- High toner yield allows printing up to 3,000 pages*
- Ability to print several pages on one sheet (N-up) which significantly reduces paper usage and costs
- Duplex module standard for double-sided printing

Ecological Operation

- ECOSYS Technology drastically reduces consumable waste, contributing to the protection of the environment
- Quiet operation at 29 dB in Ready Mode and 50 dB when printing, with the ability to function at lower levels while printing in Quiet Mode

User-Friendly Software Tools

- Simplified device management including access to MFP features and preferences
- Easy online toner ordering from select suppliers
- Directly link to Kyocera's driver download web page, ensuring immediate access to the latest print drivers
